GROWER OF NORTHERN SEEDS RICHFORD, VERMONT.

WE are presenting in this folder a few of the many testimonials we have at hand, testifying to the quality of my seeds. These seeds are grown and harvested under my direct supervision and sold and shipped by myself. I stand back of every sale with my personal guarantee that these seeds, are the very best Northern Grown Varieties that can be obtained. Read these testimonials.

Read this statement from Mr. M. V. Taylor, who is growing more than 20 acres of potatoes this year.

I have planted seven different varieties of potatoes including Green Mountain, Delawares, Irish Cobblers, etc., etc. and find when given same treatment in fields side by side that Coursey's new varieties of seed potatoes produce from 30 to 50% more per acre than any of the old kinds, also that they stand off the rust from three to four weeks longer than the old varieties, while the potatoes are of uniform size with scarcely any rot.

M. V. TAYLOR.

Item from Richford (Vt.) Gazette, May 22, 1914.

State inspector H. F. Johnson of Burlington was in town last week Thursday and inspected E. J. Courser's New Variety of Seed Potatoes and found them free from disease, the only lot found in perfect condition. Maine and New York seeds are badly diseased.

E. J. COURSER, Richford, Vt.

My Dear Sir:—

I am very much pleased with the New Variety Seeds Potatoes that I purchased of you two years ago. I find all of my neighbors are pleased with your seeds, as they are the best for the table and the best producers.

I remain,

H. R. Emery,

Moore, N. H.

E. J. COURSER, Richford, Vt.

Dear Sir:—

From the 30 lbs. of seeds Potatoes that I purchased of you, I have grown 50 bu. of nice smooth potatoes. I find that there is no potato that can equal Courser's seeds. Please send me two barrels of your New Variety Potatoes, one early and one late.

Dennis Kimball,

Warren, N. H.

This is to certify that E. J. Courser's seeds are New Varieties grown by himself from seeds of Potato Balls. I have tried different Varieties that are now in circulation but never have found a variety that equals Courser's new seeds. I have grown from his seeds 500 bu. to the acre and I find there is no better potato than E. J. Courser's New Seeds.

PETER McGETTRICK,

Richford, Vt.

E. J. COURSER, Richford, Vt.

Dear Sir:—

The potatoes which I bought of you five years ago have proved just as you recommended them. I have grown 400 bu. to the acre. I find that the New Varieties will produce as many again to the acre and much better quality.

I remain yours truly,

Stone & Son,

Williamstown, Vt.

MR. E. J. COURSER, Richford, Vt.

Dear Sir:—

I have had experience with many different seeds, but never have found any variety that equals Courser's New Seeds Potatoes. I have grown from 30 lbs. of seeds 55 bu. of smooth, handsome potatoes and of the best quality.

H. Miltmore,
Glen Sutton, Que.

E. J. COURSER, Richford, Vt.

Dear Sir: —

The potatoes which I purchased of you are the biggest producers that I have ever grown and the very best for the market. Please send me one barrel of the Early potato and two barrels of the winter potatoes.

David Compton,
No. Clarendon, Vt.

This is to certify that I have bought new seeds of E. J. Courser of Richford, Vt., every year, and I have found them as they were recommended. I have always had early potatoes by the middle of July.

W. M. Brown,
Sutton, Que.

E. J. COURSER, Richford, Vt.

Dear Sir:—

The potatoes that I bought of you have proved as recommended. I travel quite a good deal and I find that every farmer is well satisfied with the seeds which was purchased of you. I have grown from one barrel of your seed 130 bu. Please ship me two barrels of your best.

H. W. Eastman,
Lyme, N. H.
